MYSORE.

To

C.Narayanaswamy Naidu, Esq ,B A ,B L.,
Legal Remembrancer and Secretary to Government
Law Department, Bangalore

Sir,

I have the honour to forward herewith for favour of information of Government and necessary action, a copy of the resolution No 914 passed at the Ordinary General Meeting of the Mysore City Municipal Council held on 26th May 1945, in the matter of the proposal for opening milk canteens in the several Mohallas of the City for supplying free milk and multivitamin tablets to poor and under-nourished infants and nursing and expectant mothers

Mr T Narasimha Iyengar, the mover of the resolution has since sent a detailed scheme and this will be forwarded to Government, after scrutiny by the Managing Committee and the Municipal Council

I have the honour to be,
Sir,
Your most obedient servant,

PRESIDENT

8147 S 264/2

1) The Mysore city Municipal Council have requested Sanction to the following ~~de~~ Scheme for opening milk canteens in the several Mohallas of Mysore city for supplying free milk and multi-vitamin tablets to poor and undernourished infants and nursing and expectant mothers

It is ~~estimated~~ proposed to supply milk for 2000/ Children at an estimated cost of Rs 70,000 as detailed below It is proposed to open 7 Milk Canteens in the city one in each Mohalla

	per annum
x) Cost of 500 Seers of milk per day at 3 Seers for rupee ———	Rs 60,000
2) Cost of multi-vitamin tablets ———	10,000
Total ——— Rs	70,000
Establishment charges ———	4,320
Equipment ———	100
	Rs 74,420-pA

3) The city Municipal Council have requested Govt to finance towards the cost of the supply of milk, etc i e Rs 70,000- the Establishment and equipment charges being met by the Municipal Council

This is for orders

Sm 19/1

4) The details of the proposed Scheme are given in Flag B

Seven milk Centres in which

in which free milk & multivitamin tablets are proposed to be distributed to the children under seven years of age & to expectant & nursing mothers would be opened.

8) The equipment would cost about Rs 10/- The Govt have resolved to levy the recurring establishment charges estimated at Rs 4320/p.a. They regret that the Govt may be pleased to bear the charges for the supply of milk & the multivitamin tablets estimated to cost Rs 6,0000 & Rs 10,000 respectively

The proposal is no doubt a beneficial one so far as the needs of the children & expectant & nursing mothers is concerned. But it is a matter in which the Govt should satisfy itself by a ~~technical~~ substantial part- by meeting the expenses in this behalf

Such a scheme has been sanctioned in respect of Bhurtpur vide copy of G.O. dated

9) The response of Govt would depend upon Taking up such a large scheme, start 2 or 3 centres on an experimental scale and extend it gradually on the basis of the experience gained in

in its working.

10) It would further be placing a big sum of Rs 70000/- at the disposal required for the purpose. Instead of that, it should be able to contribute a nominal portion of the capital and collect donations & subscriptions from philanthropic gentlemen and pool all the resources together & form a "Milk Relief Fund". We go on the subject issued in respect of the above which would be helpful to us, a copy of it will be sent to the President, Mysore City Municipality for necessary action. It would be better to make a modest beginning and expand the activity later on in due proportion to the finance & current collection & the response from the public to the successful working of the scheme for one year.

11) The Mysore City Municipality is desirous to launch a scheme of such magnitude for financing the scheme there is

No doubt that the proposal is very useful & beneficial, but the local bodies cannot afford such measures to be financed entirely by Govt. It may be helpful to the Mysore City Municipality to follow the scheme sanctioned in favour of Bangalore. So much depends on local enthusiasm & enterprise, and the proper lead — Minister for Edn)

Yours.

PRESIDENT

A scheme for supplying milk free to poor children and expectant and nursing mothers formulated by Mr T Narasimha Iyengar, B A , B L , Municipal Councillor, Mysore

---

The City Municipal Council, Mysore, at its monthly Meeting on the 26th May 1945, was pleased to accept my resolution requesting the Government of H H The Maharaja of Mysore to sanction a scheme for supplying milk and multi-vitamin tablets free to poor and undernourished children under one year age and to expectant and nursing mothers, and resolving further that the Municipal Council should take up the responsibility of working the scheme In the course of moving the resolution before the Council, the present scheme was formulated

The object of the scheme is to fight against the prevalent malnutrition among infants and expectant and nursing mothers In all conscience, the infant mortality and maternal death, i e , the death of mothers at or during 30 days of labour, are bad enough in India Particularly the figure of 139 6 per 1,000 births of infant mortality and the figure of 17 5 per 1,000 births of maternal deaths in the City are higher than those for the State In addition to maternal deaths, it is recognised that many mothers fall victims to Tuberculosis and other diseases due to the strain of child-bearing Due to the scarcity of proper food, including the shortage of milk in the City, brought about by the War conditions, the situation has deteriorated To meet the situation, the scheme is prayed to be introduced

That the proposed scheme is not an Utopian one and is a practical proposition is made out by the fact that the Governments of Bombay and Madras Presidencies and the State of Travancore have sanctioned similar schemes all over their provinces, including the City of Bombay, and Madras As many as 40 Milk Canteens are working in Travancore, if newspaper reports could be believed What Bombay, Madras and Travancore can do, the Government of Mysore certainly can

From the figures of infant births for the calendar year 1944, after deducting the number of infant mortality for the period and making allowance for the children belonging to places outside the City, but born here, it is ascertained that there are 3,798 infants born in the year The figure on the same basis for the year 1943 is 4,403 It can be safely taken that there are 4,000 infants under one year age

in the City The scheme is for handling infants under one year age as infants after one year are fed with solids and the problem of milk is not so acute over the age considered in the scheme Next step is to exclude children that are fed by the breast milk of their mothers Nearly 80% of our children are mother fed But an allowance has to be made for children that cannot be fed completely by mother's milk as the mothers due to their poor condition of health are not capable of giving to their children enough and quality milk It can be assumed after making allowance for children partially fed by mothers that 50% of our children are completely mother fed, thus leaving on our hands 2000 infants to be provided for Another 25% of this figure is to be taken away as belonging to the children whose parents can take of them The final figure thus arrived at will be 1,500 The figure for underfed mothers cannot be so definitely ascertained, as such figures are not available By a rough and ready method, 500 may be put under this category

To supply milk for 2,000 children and mothers, it is estimated that it would cost Rs 70,000 As the quantity of milk to be given to infants varies with the age and the quantity to be given to mothers varies with the individual cases, it may be taken on an average that one pavu of milk is needed per head It gives a consumption of 11 ozs of milk against the Indian average consumption of milk of 7 ozs per head 500 seers of milk will be required for this purpose per day The amount of milk can be easily procured by releasing the milk now consumed by hotels in the City by giving the hotels milk powder for their use Good milk can be had at the rate of 3 seers per rupee in the City Calculating on this basis, milk would cost the Government Rs 60,000 It may further be taken that the cost of following up the giving of milk with the administration of Multi-vitamin tablets in bad cases would be about Rs 10,000 The whole scheme would cost Rs 70,000 or less in actual working

The Scheme It is proposed to open at least 7 milk canteens in the City, one in each Mohalla The Canteens will be located in

in the portion of the Mohalla where poor people reside These centres will supply milk free to infants andmothers In bad cases, this will be followed up with a treatment of a course of Multi-vitamin tablets

Supervision and Control The Health Committee of the Council, of which the Municipal President and the Health Officer are Members will exercise general supervision and control and will be responsible for the successful working of the scheme The Health Officer will be in direct charge of the scheme A Board of Visitors to every one of the Centres will be constituted The Board of Visitors will consist of the Mohalla Councillors and of such members of the locality as are co-opted by the Council The Board of Visitors while recommending suitable measures for the successful working of the Centre and of reporting on the requirements of the Centre, will also recommend the cases of children to be admitted to the Canteen

Establishment

(A) Clerical One Accountant on Rs 30-2-40 plus D A1

One Typist-clerk on Rs. 30-3-60 plus D A

(B) In Charge of the Canteen

One Midwife on Rs 20-1-30 plus D A
One Ayah on Rs 10 plus D A
One servant on Rs 10 plus D A

(C) Rent for each Canteen Rs 30/- per month

(D) Equipment " " Rs 100/-

It is prayed that the Government will be pleased to sanction the scheme early and help the Municipal Council to undertake this most needed work

T Narasimha Iyengar, B A , B L ,
Municipal Councillor

Sir,

Subject Opening of milk canteens in the several Mohallas of the City

With reference to your letter No L 1013/Ml.11-45-23 dated 14th August 1945, forwarding a copy of G O No L 6825-7/Ml 10-44-59 dated 9th January 1945 for consideration of the Council on the subject and requesting to submit further proposals for orders of Government etc , I have the honour to state that the Municipal Council is paying a sum of Rs 730/- to Gunamba Maternity and Child Welfare Trust as per details noted in the margin* and Rs 25/- to Civic and Social Progress Association every month for supply of pure milk to the poor and under-nourished infants in the City As this arrangement was quite inadequate and the funds of the Municipality were limited a request was made to Government to finance towards supply of milk for opening fresh centres Your letter was placed before the Council at their meeting held on 29th September 1945 Considering all aspects of the case, the Council have resolved that at least two centres be opened one in Lashkar and another in Mandy for the present, the cost thereof being met in equal proportions between the Government and the Municipality and the working of the details being entrusted to the Health Committee

(1) Mallamma Milk Centre	Rs 200/-
(2) Subramanya Milk Centre	Rs 200/-
(3) Meenambal Milk Centre	Rs 150/-
(4) Vanivilas Milk Centre	Rs.120/-
(5) Creche near Silk Factory	60/-
Total	Rs 730/-

I request you to be so good as to obtain sanction of Government thereto early

I have the honour to be,

Subject Opening of Milk Centres in the several Mohallas of the City

---

With reference to your letter No L 3970 dated 21st November 1945, for furnishing information in regard to the financial implications of the proposals under reference etc , I have the honour to state that the Health Officer of the Municipality has, after duly examining the scheme, reported that the annual expenditure on this account for each Milk Centre comes to Rs 2940/-(roughly) as detailed below excluding the Dearness Allowance of Rs 408/- per annum

	Rs		
One Typist-Clerk on/30-3-60	540/-	per annum	DA 120
One Midwife on Rs 20-1-30	300/-	"	DA 96
One Ayah on Rs 10/-	120/-	"	DA 96
One servant on Rs 10/-	120/-	"	DA 96
			408
Cost of milk	1000/-	"	
Cost of small medicine, shark lever oil and cod-lever oil etc ,	500/-	"	
Rent of each canteen at Rs 30/- p m	360/-	"	
	2940/-	"	plus Rs 408/

The cost of two Milk Centres in Lashkar and Mandi Mohallas proposed to be opened by the Council as decided in their resolution No 207 dated 29th September 1945, comes to Rs 5880/- plus Rs 816 D.A And as detailed in the same resolution the Government grant expected in this behalf is half the above sum viz , Rs 3348/- per annum or Rs.3350/ per year to have a round figure for the two centres

I request you therefore to obtain kind sanction of Government for the above grant in the circumstances explained in my previous letter of even number dated 18-10-1945

Opening of Milk Centres in the Several Mohallas of the City

Sir,

With reference to the Correspondence ending with Your letter No M S - C 461-12 - 44-S dated 12-2-46 requesting Sanction to start two Milk centres in the Lashkar and Mandi Mohallas, Mysore, the Scheme being financed to the extent of Rs 3350 per annum by the Govt I am directed to state that the Govt have no objection if the Municipal Council could start those centres at their own cost even during the current year, by meeting the expenditure either by reappropriation or out of

WD 03697—GPB—30 000—2 2 46

the closing balance of the
Municipality for the current
Year

Yours truly
